

What Customers Should Know about Wisconsin's Smoke-Free Law

Is secondhand smoke really dangerous?

Yes. Secondhand smoke contains over 4,000 chemicals, 69 of which are known to cause cancer.

When did the law take effect?

July 5th, 2010.

Why can't I smoke in here?

The law prohibits smoking in all indoor public places, including workplaces such as restaurants and bars, to protect workers and customers from the health hazards of secondhand smoke.

What do I have to do to comply with the law?

Don't smoke inside this establishment. Smoking must occur outside and a reasonable distance from the main entrance.

What does "reasonable distance" mean?

The intent of the law is that cigarette smoke must not drift back inside public workplaces.

Will I get fined if I don't comply?

If you are caught smoking at a workplace, public place, bar, or restaurant you can be fined \$100-\$250.
